John Paul,

Please see attached Flood insurance quotes for the buildings on N front St. I went ahead and quoted this at the different replacement costs you have given me in order to provide a worse case scenario for you premium wise. If you would like to see other coverage options please let me know and we will be able to revise the quotes for you.

One other thing you might want to look at it because this flood zone is A you are able to fill out the attached Elevation Certificate yourself and it has the potential to really show a premium savings if the elevation is positive. If you would like to complete the form to check if it is able to get a premium discount please follow the directions on the form and once completed please send back and I'll revise the quotes for you.

Anything else we can do to assist please let us know.

Sincerely,

**WRIGHT**
Flood
